Message from the Executive Director, Virginia McAuliffe

TV shows, websites and signs, oh my! Complete Senior Care PACE seems to be everywhere these days... and we're just getting started.

We're proud to announce our new website is up and running: completeseniorcare.org! The site is packed full of photos, testimonials, program details and the latest Complete Senior Care news and updates. Those checking out the program for themselves or a loved one can request more information or ask to be contacted by an enrollment coordinator. Check it out the first chance you get and please ask your friends and loved ones to do the same. Help us spread the word!

Not only is Complete Senior Care PACE coming to a computer screen near you, but we can also be seen on the 'big screen,' with our show *Caring for Seniors*, airing on local cable channel 21 (also known as the OSC). The episode currently airing features PACE participant Millie H. and caregiver Bill Foreman who provides care for his 97-year-old mother-in-law and PACE participant, Helen J. Contact us for a list of days and times the show is airing, or check your local listings. Watch for the next episode to air soon, which will take place on-location to show what a typical day in the Day Center is like for a PACE participant.

Also, we now have a beautiful Complete Senior Care sign above our entrance on Main Street. We're developing plans for continued improvements to our main entrance to make it as warm and welcoming as our program and the people and families we serve. So the next time you try and explain Complete Senior Care PACE to a friend, let us help! Tell them to check out the new website, watch us on tv, or pay us a visit on Main Street (it's hard to miss us now!).

Thank you and a Happy Thanksgiving to you and your loved ones,

Virginia

The official Champion of the 2014 Complete Senior Care Chili Cook Off is... BONNIE BROWN!!!

Thanks to all the staff and participants who helped us raise \$500.00 for Breast Cancer Research throughout the month of October!!! Great job everyone!

Participant of the Month: Personality Profile

Joyce Lee is our participant of the month. Joyce was born May 6, 1940 in Buffalo, New York. She is fourth in the line of six children. She lived in North Collins, and then moved with her family to Angola, where her brother still resides. Joyce is very proud of her best accomplishment: raising her children (proud mother of six), and helping her children raise their children. She has ten grandchildren and eight great grandchildren! Joyce has had the opportunity to travel quite a bit around the country to Arizona, Oklahoma, and Georgia. Her favorite place by far is Oklahoma, "minus the tornados." Some activities she enjoys are wood burning, painting (walls and ceramics), Bingo, crafts, and needlework. One thing she used to love is to bake, with her specialty being cinnamon rolls. Joyce thinks that the best thing about our PACE Day Center Program is "being with people and having nice conversations learning about other experiences." Joyce is a very strong and resilient woman who stated when asked about breast cancer, "I'm gonna beat it!"

CAREGIVER CORNER

From the Transportation Coordinator:

Winter is coming.....please be sure that arrangements are in place to have your driveway and/or sidewalks cleared of snow before Aries is scheduled to arrive. Deep snow is not good for drivers pushing wheelchairs, nor is it good for you to be walking in, so safety first – clear the snow!

As in past winters, WGRZ-TV, Channel 2 is the station used by CSC to announce day center cancellations. In addition, the program will try to contact all who are scheduled to attend the program on any given day if the center needs to be closed.

On a personal note, I will be retiring from my position on November 21st. After over 22 years with the Health Association of Niagara County, Inc. and since its opening, Complete Senior Care, I am looking forward to more time with family, grandchildren and hobbies. The program has appointed Geralyn Blose, our current receptionist, as my replacement. She has come to know all of you well in her current position, has a wide background in many areas and will do a great job organizing your transportation needs! I'm sure she will enjoy this position as much as I have!!

Thank you for your smiling faces, your great conversations and even for your 'complaints' (they help to make our program better) - I will miss you all!!
